Report On Webinar on Employability Skills Post-Pandemic for Engineers

Date: 12th Feb 2022

Mode: Online

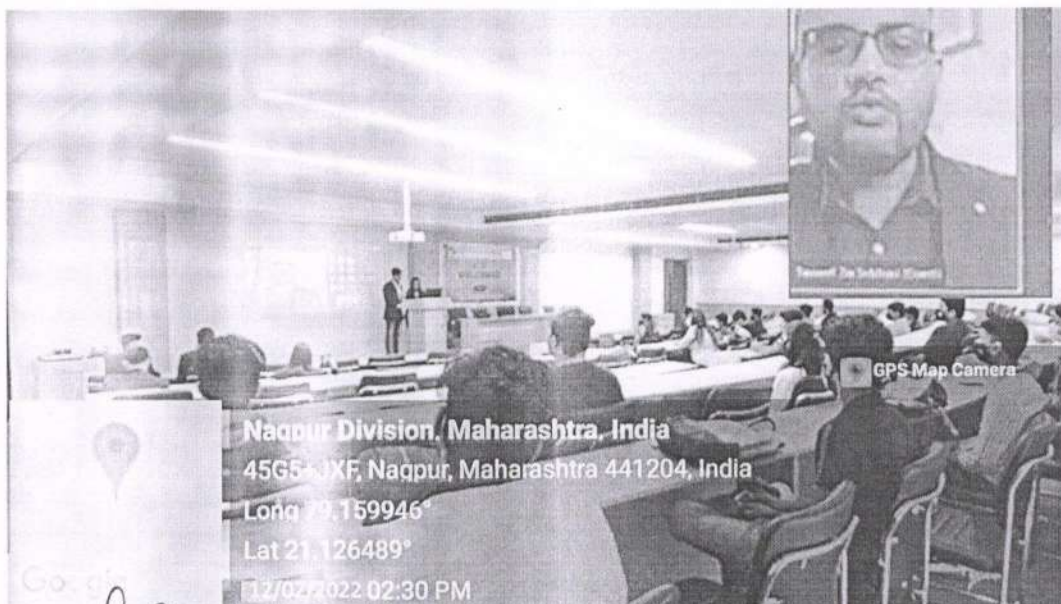

No. of Participants: 92 (B.Tech(CSE) Students, SIT, Nagpur)

Speaker: Tauseef Zia Siddiqui
Senior Sustainability and Environment Analyst,
Qatargas, Qatar, UAE.

Description:

SIT Nagpur organized a skill development session for the B. Tech Computer Science and Engineering Students of Batch 2021-2025 on 12th February 2022. The prime purpose of the session was to train students for an International connection. The session was graced by the esteemed presence of Dr. Tauseef Zia Siddiqui, an Industry Professional and Success Coach from Qatar. Due to the change of the pandemic environment, It is very important for institutions to craft employability competency programs that are suitable for this environment. Positive vibrates may activate actions to do promptly and proactively to face the new normal and challenges. The program coordinated by Ms.Seema Ghangale Assistant Professor under the guidance of Dr.M.M.Raghuwanshi, Director.
