Description of Event:

SITank 2.0 was conducted on **26th February 2026** by the Entrepreneurship Cell of **Symbiosis Institute of Technology, Nagpur** as part of Enthusia 5.0. The event featured two flagship competitions – **The Dalal Street** and **The Boardroom Battle 2026**, creating a full-day entrepreneurial ecosystem on campus.

The Dalal Street recreated a real venture capital pitching environment, where startups presented business ideas, defended revenue models, and answered investor-style questions. Participants submitted pitch decks, showcased live prototypes during the exhibition round, and faced high-pressure VC-style jury pitching.

- **Round 1: Pitch Deck Submission (Online)**
Participants registered via Unstop and submitted detailed pitch decks covering problem statement, solution, market analysis, revenue model, competitive advantage, and scalability vision.
- **Round 2: Exhibition Round (Offline)**
Teams showcased live prototypes, engaged with judges and investors, and received valuable mentorship and feedback.
- **Round 3: Jury Round (VC Pitch Arena)**
Finalists pitched for 5–7 minutes followed by a 3–5 minute Q&A session, defending financial projections and business viability before an esteemed jury panel.

The Boardroom Battle 2026 simulated corporate boardroom scenarios. Teams selected real-world problem statements, built MVPs from scratch within a strict timeline, and presented functional solutions through live demos and strategic pitches. The event offered students exposure to startup fundraising pressure, MVP development cycles, leadership roles, and real-time corporate decision-making challenges.

- **Phase 1: Problem Statement Selection (Online)**
Teams selected real-world corporate problem statements and confirmed participation through registration.
- **Phase 2: Build Your MVP (Offline)**
Participants brainstormed, designed, and developed functional MVPs (software, hardware, or hybrid) within the official timeline. Strict originality guidelines were maintained.
- **Phase 3: Demo & Pitch Round**
Teams demonstrated working prototypes and presented strategic decisions in a 6–8 minute pitch followed by Q&A.
